AUTHORHOUSE, United States, 2011. Paperback. Book Condition: New. Revised ed.. 226 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.100-Year Cover-up Revealed: We Lived With Dinosaurs makes our past coexistence with dinosaurs effortlessly apparent with a wide variety of proof ranging from artistic to documentary to scientific. Although it automatically invalidates evolution by proving coexistence, this book takes the extra step of examining and destroying, with logic and science, every major assumption and claim made by evolutionists, including the absurd notion that dinosaurs and humans missed each other by 65 million years. The sub-topic that runs throughout the entire book is that, for the past century, evolutionists have been brainwashing us with bogus claims while actively and passively covering up evidence showing that humans coexisted with dinosaurs and that evolution is basically a hoax. 100-Year Cover-up Revealed: We Lived With Dinosaurs not only proves the reality of coexistence and the fallacy of evolution, but also shows how the suppression of these facts has polluted our laboratories, classrooms, and media. Finally, this book highlights the scientific and educational implications of its conclusions and offers an intelligent alternative to evolution.
