## The Origin of Life

By Paul C. W. Davies

Penguin Books Ltd, United Kingdom, 2003. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book. From award-winning science writer Paul Davies, The Origin of Life reveals the remarkable new theories set to transform the understanding of our place in the universe. Is life written into the laws of nature, or just a bizarre accident, unique in the universe? How can a mix of non-living chemicals be transformed into something as complex as the living cell? Acclaimed physicist, astrobiologist and writer Paul Davies presents evidence that life began billions of years ago kilometres underground, arguing that it may well have started on Mars and spread to Earth in rocks blasted off the Red Planet by asteroid impacts. This solution to the riddle of life's origin has sweeping implications for the nature of the universe and our place within it, and opens the way to a radical rethinking of where we came from. One of a handful of first-rate scientists who are popular writers. If you are going to read only one book on the origin of life, seriously consider this one. ( The New York Times ). The best science writer on either side...
